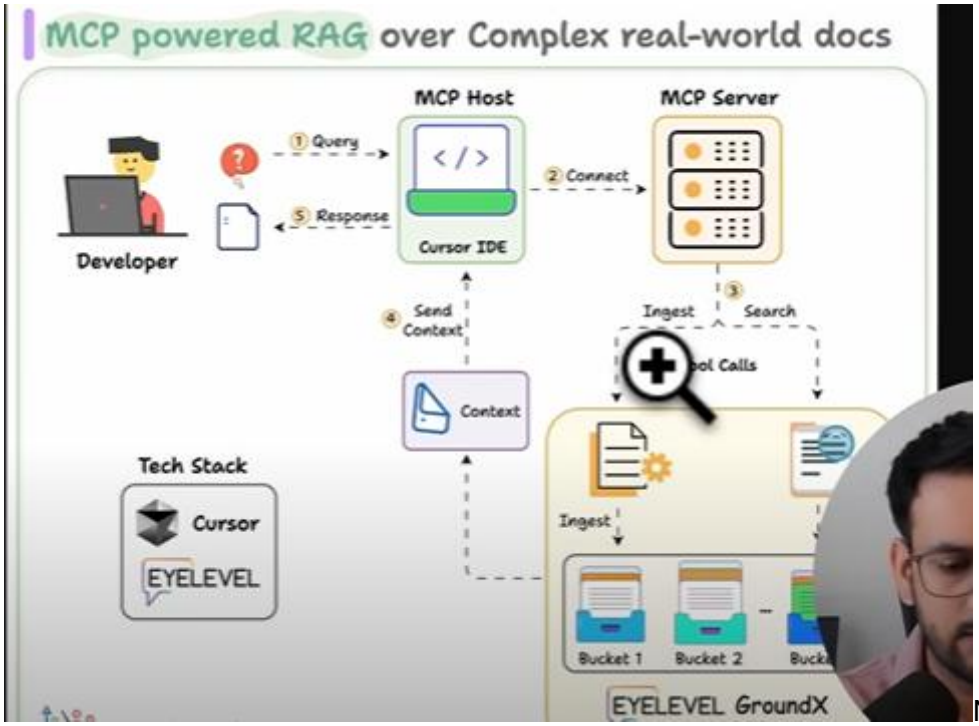
ree desktop version of Word, Excel, PowerPoint, and OneNote

Welcome to the free version of the Word, Excel, PowerPoint, and OneNote desktop apps for Windows. These apps are available in select markets to individuals who don't have an existing Microsoft 365 subscription, excluding Microsoft 365 Basic subscriptions, or a non-subscription version of

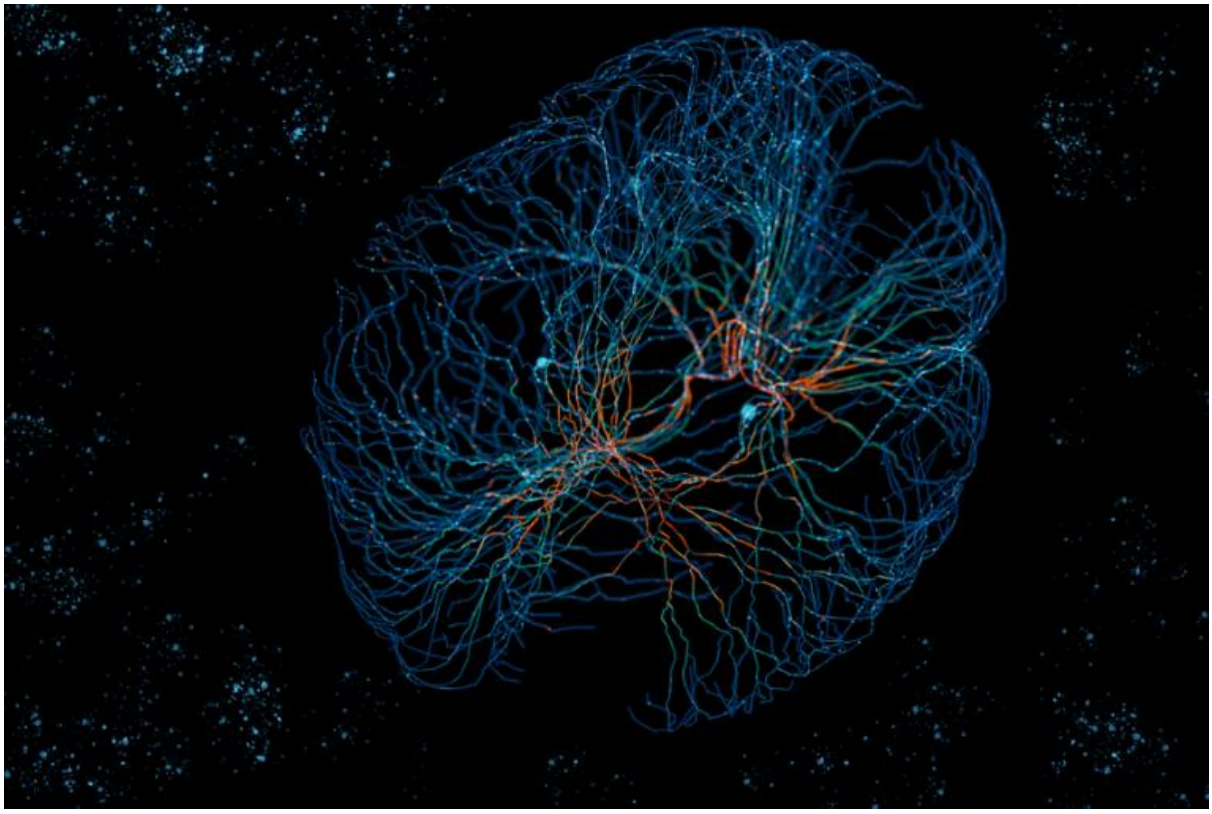


Microsoft 365, such as Office Home & Student.

Notes:

- The free desktop versions of Word, Excel, PowerPoint, and OneNote are currently available in a select number of countries.
- In order to save your files to OneDrive, you must be signed in and of the age of majority in your respective country.

- Your Microsoft account can't already be as



sociated with an existing Microsoft 365 subscription or non-subscription version of Office, such as Office Home & Student.

What's included

With the free version of Word, Excel, PowerPoint and OneNote desktop apps for Window, you can edit, create, and share documents, spreadsheets, and presentations using basic editing tools.

To get access to all editing tools, and to remove ads, you will need to purchase a Microsoft 365 subscription.

	Free desktop version	Paid Microsoft 365 subscri
Read, create, and edit file	Available	Available
Save files to OneDrive to access anywhere	Available	Available
Available on mobile, web, PC, and mac	Available	Available
Access to premium features	Not supported	Available
Ad-free application	Not supported	Available

Go ad-free

The free desktop versions are supported by advertising and have limited functionality. Advertisements are displayed in a side panel when a document, spreadsheet, or presentation is open. Document editing will also be paused periodically for a video advertisement break.

You can use the free web versions of Word, Excel, and PowerPoint without advertisements. Or, you can buy a Microsoft 365 subscription and get all of the benefits from a premium subscription.

Buy or try Microsoft 365
